

# SPA Treatment of the Month

## STEIRERHOF SPECIAL MASSAGE DETOXING - STIMULATING - RECREATION

The detoxification takes place through the use of bio-energetic vacuum drainage in conjunction with the active ingredients of bio-aromatics. The body is detoxified and hyperacidity is released from the tissue. Only then is the body ready to accept valuable substances again. Electro stimulation of the acupressure points rebalances the energy pathways, allowing the body to relax and reduce or even resolve pain. The result of the effective treatment concept is holistic. It causes the regeneration and activation of the body cells and the mental regeneration allows the inner balance to be reinstated.
