

Vital treatment of the month

ALGAE GEL BODY TREATMENT

The treatment begins with a gentle full-body exfoliation that perfectly prepares the skin. A soothing algae gel, made from pure algae extract and essential oils, is then applied. During the resting phase in the pleasantly heated waterbed, the pores open, allowing valuable minerals and trace elements to penetrate deeply into the skin.

The tissue is revitalized, detoxified, and nourished, while fat deposits are reduced. Afterwards, the skin feels noticeably smoother, softer, and deeply hydrated.

Treatment duration approx 50 min, € 86 (INSTEAD € 95)

Especially after the warm summer days, this light, mineral-rich treatment is the perfect refreshment for your skin.

Valid from September 1 to September 30, 2025
